Assignment Letter*	—	R	R
Recommender Name(s)**	2	2	1

R = required; O = optional

* Assignment Letter: If you are currently employed by another institution from which you plan to take leave if you are awarded an ANAMED fellowship, please upload a letter from your Dean (or a supervisor of similar level if your employment is not academic) on institutional letterhead that declares that you will be fully exempted from all teaching and service obligations at your institution for the full term of your fellowship. If you are **not** currently employed by another institution, please upload your own letter stating this explicitly and that you agree to take on no teaching, service, or other obligations for the full term of your proposed fellowship.

** One recommendation letter is required for Senior fellowship applicants, and two for Post-Doctoral and PhD applicants. The application system does not send recommendation letter requests; it requests recommender names for ANAMED information only. *It is each applicant's responsibility to request letters from her/his recommenders and to ensure that they are submitted.* All recommenders should submit letters via e-mail directly to anamedapplication@ku.edu.tr by 18 DECEMBER at the latest. Letters arriving after this date will not be accepted.

Field(s) to be reviewed in	Byzantine
Methodological Approach	Heritage Studies
Methodological Approach	Material Culture
Methodological Approach	Heritage Studies
Project Title	This title may be used on the ANAMED website and in other publicity materials.

Project Abstract

Please provide an abstract of 250 or fewer words that describes the project you wish to undertake at ANAMED. If a fellowship is awarded, this abstract may be used on ANAMEDs website and in other publicity materials. (NOTE: This form does not allow special formatting or tabs. Please use ALL CAPS to highlight headings, and leave blank spaces between paragraphs.)

Project Description

Please provide a description of 1500 or fewer words of the project that you wish to undertake at ANAMED, clearly stating the duration. The project description should include the project's relevance to the given field, the resources required in Turkey, and steps taken to get permissions to access those resources, as appropriate to your study. Each applicant should indicate how much s/he has already undertaken on the proposed project as well as what specific products (e.g., publication, intensive material analysis, or conservation-restoration projects) are intended as outcomes. If the applicant is pursuing a collaborative project with Koç University faculty, center, or facilities, s/he must clearly demonstrate the previously established connections in the project description. (NOTE: This form does not allow special formatting or tabs. Please use ALL CAPS to highlight headings, and leave blank spaces between paragraphs.)

Project's Connection to ANAMED/Koç University

Please explain in 250 or fewer words why you think a fellowship in Istanbul at ANAMED and Koç University, in particular, is essential to your research.

Project's Research Facility Requirements

If appropriate to your research, please list which Koç University research facilities you plan to use for your research, explaining briefly why each is necessary.

Project's Laboratory(s) and Instrument Requirements

If appropriate to your research, please list which Koç University laboratories and instruments you plan to use for your research, explaining briefly why each is necessary.
